

Are you Strengthened Aged Care Quality Standards ready?

The GGJ Policies and Procedures Suite has been updated and enhanced to provide you with all the resources you need to move seamlessly to the new Standards.

So what's included?

	Time saver: Our suite of documents will save you so much time. We have done all the hard work, with contemporary references and funder requirements relevant to your service provision including home care [CHSP or HCP] and residential care.	CHSP HCP Residential options
	Easy to navigate: Our Standards Frameworks outline the Standards actions and hyperlink the policy and procedure documents. This helps your team to find documents and understand how documents relate to practice.	7 Policy Standards Frameworks
	Clear and direct: Our policy and procedures are written in plain English so your teams will understand the intent of the document and how to operationalise the information. Each policy and procedure has a table of contents, so it is easy to find what you are looking for. Documents can be used to guide staff education and training too!	73 Policy and Procedure documents covering all Standards requirements
	So many included resources: Example forms, risk plans, consumer handbook, business continuity plan and a whole range of registers (such as the high-risk consumer, vulnerable consumer, training, planning spreadsheet and more...) are included for you to customise to your needs.	66 Forms 1 Planning Spreadsheet 9 Registers Consumer Handbook
	We keep you updated: The sector is constantly changing with new requirements. Our annual Support Subscription is great value for money; we provide regular updates to ensure your policy and procedure suite is always up to date.	2 Updates per year minimum
	Additional Resources: We offer a range of other resources including a customisation service, logo and name change across the document suite, specific State legislation updates (the suite has WA legislation included), audit tools, and an NDIS Module 1 add on.	Customisation State Legislations Audit Tools NDIS
